**Status** This is video from the Capitol yesterday. Graphic Language. Disturbing footage. Viewer Discretion is Advised. I DO NOT CONDONE VIOLENCE OR DESTRUCTION. "Storming the Capitol" was to chant "Stop the Steal" & show Congress in one unified voice that We, the People stand in Solidarity with Trump. Antifa agitators dressed up like Trump supporters & infiltrated the crowd. They began violence & destruction. We took weapons from them & called them out. Capitol police fired tear gas on unarmed civilians standing in the Capitol steps holding a flag chanting. Women, children, the elderly... they used rubber bullets, riot gear, pepper balls and spray, batons (night stick) shields etc. Protesters enter the Capitol all the time to demonstrate. It is open to the public. It is the Peoples. Most people were just trying to stand their ground despite the assault by the police, defending the innocent/ vulnerable from being trampled, aiding those injured & peacefully assemble.. Sry for the language. After tear gas & multiple shots of irritants I became a little less restrained. Judge all you want, but those that were there with the truest of intentions are heroes to our Republic. The bad actors that caused the mayhem & destruction are seditious traitors to our nation. ANTIFA IS A DOMESTIC TERRORIST ORGANIZATION. #WakeUpAmerica #capitolbuilding #wildprotest #StopTheSteal #MarchForTrump #washingtondc #capitol
